**QUALIFYING FOR THE CREDIT**

For tax years beginning in 2006, you may claim the Idaho small employer new jobs tax credit if you have certified you will meet the following tax incentive criteria at the project site during the project period:

1. Capital investment in new plant and building facilities of at least \$500,000,
2. Increased employment by at least 10 new employees who each earn at least \$19.23 per hour and receive health benefits, and
3. For new employment increases above the 10 new employees, the average wages of the additional new employees is at least \$15.50 per hour worked. See the instructions for who is included in this calculation.

If you have not filed Form 89SE with the Tax Commission or have been notified that you do not qualify for the small employer incentives, you do not qualify for this credit, however you may qualify for the Idaho Credit For Qualifying New Employees. See Idaho Form 55.

# Instructions for Idaho Form 85

## GENERAL INSTRUCTIONS

Form 85 is used to calculate the Idaho small employer new jobs tax credit (SE-NJTC) earned or allowed. Each member of a unitary group of corporations that earns or is allowed the credit must complete a separate Form 85.

The SE-NJTC is first available for qualifying new employees hired during tax years beginning on or after January 1, 2005. However, if the project period began during this tax year and didn't cover a period of at least nine months, you don't qualify for the SE-NJTC this year. If you are claiming the SE-NJTC, you can't also claim the credit for qualifying new employees for the same employees. If you have employees earning at least \$15.50 per hour, but less than \$24.04 per hour, complete Form 55.

If you apply for, receive, or are entitled to claim any of the corporate headquarters tax incentives, you can't claim the small employer tax incentives.

### QUALIFYING TAXPAYERS

To qualify for the SE-NJTC, you must certify that you will meet the tax incentive criteria at the project site during the project period. If you haven't filed Form 895E with the Tax Commission, or you have been notified that you don't qualify for the small employer incentives, you can't claim this credit. If you don't qualify for the SE-NJTC, you may be eligible to claim the credit for qualifying new employees. See Idaho Form 55.

### Tax Incentive Criteria

To meet the tax incentive criteria, your business must do the following at the project site, during the project period:

- Invest at least \$500,000 in new plant and building facilities,
- Increase employment at the project site by at least 10 new employees who each earn at least \$19.23 per hour worked, and
- If your new employment increased by more than the 10 new employees, these additional new employees must on average earn at least \$15.50 per hour worked during the employer's tax year. For this calculation:
  - The numerator is the total wages paid to these new employees. Don't include the wages of employees earning more than \$48.08 or less than \$12.00 per hour.
  - The denominator is the number of employees whose wages go into the numerator, but also includes the number of employees earning less than \$12.00 per hour, even though the wages aren't included in the numerator.

### Project Site

Project site is where new plant and building facilities owned or leased by the taxpayer are located. The project site can be one or more geographic areas in Idaho, but only if 80% or more of the investment required is located at one of the areas.

### Project Period

Project period is the period of time that begins at the earlier of:

- A physical change to the project site, or
- The first employment of new employees in Idaho who are related to the activities at the project site.

The project period can't begin before January 1, 2006.

The project period ends when the facilities constituting the project are placed in service, but no later than December 31, 2010.

### New Plant and Building Facilities

New plant and building facilities include property that meets either the definition of qualified investment for purposes of the LTC, or is a building or a structural component of a building.

The property must be new property. Used property doesn't qualify. New property is property acquired or constructed by the taxpayer whose original use begins with the taxpayer after such acquisition or construction. Original use means the first use to which the property is put, whether or not that corresponds to the use of the property by the taxpayer. Property used by the taxpayer prior to its acquisition doesn't qualify as new property.

### New Employees

To qualify as a new employee for the tax incentive criteria, an employee must:

- Be employed primarily at the project site by the taxpayer,
- Have wages subject to Idaho income tax withholding,
- Be covered for Idaho unemployment insurance purposes,
- Be eligible to receive employer provided coverage under a health benefit plan,
- Be employed on a regular full-time basis, and
- Meet the applicable wage requirements.

For this purpose, earnings include income subject to Idaho income tax withholding, but don't include stock options or restricted stock grants.

An existing employee of the taxpayer or a related taxpayer who is transferred to a new position at the project site won't qualify as a new employee, unless the transfer results in a net new job in Idaho.

Once reached, the net increase in employment at the project site must be maintained for the rest of the project period.

### QUALIFYING NEW EMPLOYEES FOR THE SE-NJTC

To qualify for the credit, the new employee must:

- Qualify as a new employee for purposes of the small employer tax incentive criteria discussed above,
- Earn more than \$24.04 per hour, and
- Have worked a minimum of nine months during the tax year in which the credit is claimed.

### CALCULATING THE CREDIT

The Employer Quarterly Unemployment Insurance Tax Reports and the Unemployment Insurance Wage Reports filed with the Idaho Department of Commerce and Labor are used to compute the number of employees. However, only those employees who meet the definition of "new employee" can be included when computing the SE-NJTC. Don't include any employees who don't work primarily in the project site. You must keep records to support the computations.

The number of employees employed primarily at the project site during a tax year is the average of the number of such employees reported to the Idaho Department of Commerce and Labor during the 12 months of the tax year. If the project period began during the tax year, the number of employees for the year is the average number actually employed during the months of the project period. However you can't earn the credit if the project period didn't cover at least nine months during the first tax year. These employees may qualify for the credit the next year.

The number of qualifying new employees is the increase in the number of qualifying employees for the current tax year over the greater of the following:

- The average number of qualifying employees for the three preceding tax years, or
- The average number of qualifying employees for the preceding tax year.

The number of qualifying new employees must be rounded down to the nearest whole number.

### CREDIT RATES

Each qualifying new employee must be identified in order to determine the credit allowed, which is based on the annual salary of the employee as shown in the following table.

If the annual salary is greater than ...	But equal to or less than an average rate of ...	Then the credit earned is ...
\$24.04 per hour	\$28.85 per hour	\$1,500
An average rate of \$28.85 per hour	\$36.06 per hour	\$2,000
An average rate of \$36.06 per hour	\$43.27 per hour	\$2,500
An average rate of \$43.27 per hour		\$3,000

### CARRYOVER PERIODS

The SE-NJTC earned but not used against tax may be carried forward for 10 tax years. For purposes of the carryover period, a short tax year counts as one tax year.

### RECAPTURE

You must compute recapture if you don't maintain the required level of new employees for five full years from the date the project period ends.

Also, you must compute recapture if you claimed the SE-NJTC in an earlier year and fail to meet the tax incentive criteria you certified to on Idaho Form 89SE.

If you claimed the SE-NJTC and recapture is now required, file Form 85R.

## SPECIFIC INSTRUCTIONS

Instructions are for lines not fully explained on the form.

### CREDIT AVAILABLE SUBJECT TO LIMITATION

**Line 1.** Determine the average number of qualifying employees during the tax year by adding the number of qualifying employees reported for each month on your Idaho Employer Quarterly Unemployment Reports and dividing that amount by the number of months of operation during the tax year. Don't include any employees who weren't employed primarily at the project site.

**Line 2.** Determine the average number of qualifying employees during the three preceding tax years by dividing the total of the average number of qualifying employees reported on your Idaho Employer Quarterly Unemployment Reports for each preceding year by three. If the project period existed less than three tax years, use the number of tax years in operation.

**Line 3.** Determine the average number of qualifying employees during the preceding tax year by adding the number of qualifying employees reported for each month on your Idaho Employer Quarterly Unemployment Reports and dividing that amount by the number of months of operation during the preceding tax year. Enter zero if the project period covered less than nine months the preceding tax year.

**Line 4.** No credit is allowed unless the number on this line equals or exceeds one. If it is more than one, the number is rounded down to the nearest whole number.

**Line 5.** To complete lines 5a through 5d, you must be able to identify each individual who is a qualifying new employee and the annual average salary earned during the tax year by that individual. Enter the number of qualifying new employees according to their annual salary earned for the tax year. The amounts listed on lines 5a through 5d can't exceed the number on line 4.

**Line 11.** Enter the amount of the SE-NJTC that is being passed through by partnerships, S corporations, estates or trusts in which you have an interest. Attach a copy of the schedule provided to you.

**Line 12.** If you are a member of a unitary group, enter the amount of credit you received from another member of the unitary group.

**Line 13.** This line isn't available for tax years that begin during 2005 since you can't earn the credit in tax years that begin before January 1, 2005.

**Line 15.** If you are a partnership, S corporation, trust or estate, enter the amount of credit that passed through to partners, shareholders, or beneficiaries.

**Line 16.** If you are a member of a unitary group, enter the amount of credit you earned that you elect to share with other members of your unitary group. Before you can share your credit, you must use the credit up to the allowable limitation of your tax liability.

Corporations claiming the SE-NJTC must provide a calculation of the credit earned and used by each member of the combined group. The schedule must clearly identify shared credit and the computation of any credit carryovers.

### CREDIT LIMITATIONS

The SE-NJTC is limited to the smaller of 62.5% of your tax liability or the Idaho income tax after allowing all other tax credits that may be claimed before the SE-NJTC.

The following credits must be applied to the tax before the SE-NJTC:

1. Credit for tax paid to other states
2. Credit for contributions to Idaho educational entities
3. Investment tax credit
4. Credit for contributions to Idaho youth and rehabilitation facilities
5. Credit for production equipment using post-consumer waste
6. Promoter-sponsored event credit
7. Credit for qualifying new employees
8. Credit for Idaho research activities
9. Broadband equipment investment credit
10. Incentive investment tax credit
11. Small employer investment tax credit
12. Small employer real property improvement tax credit

**Line 18.** Enter the amount of your Idaho income tax. This is the computed tax before adding the permanent building fund tax or any other taxes, or subtracting any credits.

**Line 19.** Enter the credit for tax paid to other states as computed on Form 39R or Form 39NR. This credit is available only to individuals, estates, and trusts.

**Line 20.** Enter the credit for contributions to Idaho educational entities from the appropriate Idaho income tax return, or the amount from Form 55, Part III, line 6, if the credit for qualifying new employees was claimed or earned.

**Line 21.** Enter the investment tax credit allowed as computed on Form 49, Part II, line 8, or the amount from Form 55, Part III, line 9, if the credit for qualifying new employees was claimed or earned.

**Line 22.** Enter the credit for contributions to Idaho youth and rehabilitation facilities from the appropriate Idaho income tax return, or the amount from Form 55, Part III, line 13, if the credit for qualifying new employees was claimed or earned.

**Line 23.** Enter the credit for production equipment using post-consumer waste from the appropriate Idaho income tax return, or the amount from Form 55, Part III, line 17, if the credit for qualifying new employees was claimed or earned.

**Line 24.** Enter the promoter sponsored event credit from the appropriate Idaho income tax return, or the amount from Form 55, Part III, line 21, if the credit for qualifying new employees was claimed or earned.

**Line 25.** Enter the allowable credit for qualifying new employees as computed on Form 55, Part III, line 26.

**Line 26.** Enter the credit allowed for Idaho research activities as computed on Form 67, line 30 or 34.

**Line 27.** Enter the amount allowed for the broadband equipment investment tax credit as computed on Form 68, line 19 or 23.

**Line 28.** Enter the credit allowed for the incentive investment tax credit as computed on Form 69, line 17 or 21.

**Line 29.** Enter the small employer investment tax credit allowed as computed on Form 83, line 27.

**Line 30.** Enter the small employer real property improvement tax credit allowed as computed on Form 84, line 25.

**Line 34.** Enter the smallest amount from lines 17, 32, and 33 on line 34. Enter this amount on Form 44, Part I, line 13 in the Credit Allowed column.

#### **CREDIT CARRYOVER**

**Line 37.** The amount of credit available that exceeds the total credit allowed on the current year tax return may be carried forward up to 10 tax years. Enter this amount on Form 44, Part I, line 13, in the Carryover column.
